TIPS WHEN CONSIDERING INSTALLERS

You've chosen solar, now it's time to choose an installer! Your solar system is a long-term investment, and the contract between you and an installer is, too! Here are some tips to keep in mind when selecting an installer:

- Obtain at least 3 different quotes
- Confirm that installers have a valid Texas Electrical Contractor's License (TECL) from the [Texas Department of Licensing and Regulation](#)
- Seriously consider who is [NABCEP PV Installation Professional](#) certified
- Familiarize yourself with laws pertaining to your electrical contractor's responsibilities and find your contractor [here](#).
- Ensure the installer you choose has an established business
- Check for ratings and reviews online. If the solar installation company is national, check their business profile on <https://www.bbb.org/>.
