## JOIN US FOR THE 2023 ANNUAL MEETING!

As a member-owner, we hope you can join us virtually for the 84th Annual Meeting of the Members on Monday, October 16, at 7 p.m. Members can watch online or listen by phone - from your home, office, car or wherever you may be. The official Annual Meeting notice is located on the front inside cover of your September *Texas Co-op Power* magazine. This year's Annual Meeting will include a financial update, results from the director election, a co-op update and door prizes. Members who vote in the director election by the deadline of September 27 at 5 p.m. will receive a \$25 bill credit, along with an entry into the door prize drawing at Annual Meeting. Check out the September issue of *Texas Co-op Power* magazine for more details! 800808759

Stream online: [tcectexas.com/annual-meeting](https://tcectexas.com/annual-meeting)

Listen by phone: 855.710.6229

## LOAD SHED EXPLANATION AND REMINDER

### ERCOT's Emergency Levels

In compliance with Senate Bill 3, effective from 2021, Tri-County Electric Cooperative provides our members with notice of Electric Load Shed and Critical Load Designation information. 800843861

Key takeaways include:

- Tri-County Electric Cooperative follows ERCOT's energy emergency level (EEL) warnings, participating in rolling outages and shedding load.
- Members may lose power without advanced notice and are subject to load shed. 800744449
- Residential and Critical Load and Commercial Medical designated members are not guaranteed continuous power. Critical load and commercial medical designation must be acquired through proper procedure.
- Tri-County Electric Cooperative will try to give load shedding notice when available and prioritize critical community services.

### EMERGENCY ALERTS

**Voluntary Conservation Notice:** Conserve when possible.

**Energy Emergency Alert 1:** Statewide energy reserves are below 2,300 MW. Conserve energy where possible to avoid rotating outages.

**Energy Emergency Alert 2:** Statewide energy reserves are below 1,750 MW. Conserve energy where possible to avoid rotating outages. 7000053803

**Energy Emergency Alert 3:** Statewide energy reserves are below 1,000 MW. ERCOT will issue load shed obligations to transmission companies. Conserve energy where possible.

Find more resources and how to apply for critical load designation using the link below or the QR code.
